Choosing the college, university, or career center that's right for you will help you shine.

State Colleges & Universities

Florida has 40 public colleges and universities that offer a range of degrees and experiences. Nearly all of Florida's state colleges and universities offer online degree programs in addition to their on-campus programs.

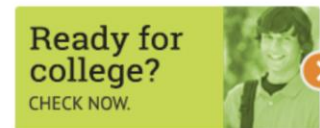

Technical Colleges & Centers

Florida's Post-Secondary Technical Colleges & Centers are responsible for developing and maintaining educational programs that prepare individuals for occupations important to Florida's economic development.

Independent Colleges & Universities of Florida (ICUF)

The Independent Colleges & Universities of Florida (ICUF) is a diverse association of 30 private, not-for-profit, higher education institutions serving more than 150,000 degree-seeking students.

Chipola College is the third oldest and the third smallest college in the Florida College System. Established in 1947, Chipola offers more than 40 different programs and awards four types of diplomas: Bachelor of Science, Associate in Arts, Associate in Science and Workforce Certificates. Chipola serves more than 3,000 students annually.

Chipola was among the first Florida community colleges to offer bachelor's degrees. The college offers B.S. degrees in Education, Business and Nursing.

Chipola has earned four nominations for the Aspen prize which recognizes the top 10% of the nation's community colleges.

Chipola was ranked a Gold College in the Florida College System's Performance-Based Funding program in 2017 and 2018.

DISCOVER PROGRAMS

Selecting a degree or certificate that prepares you for life after graduation will make your future bright.

Certificate and Degree Programs

Florida's colleges, universities and Technical Colleges and Centers offer many programs across the state.

[Search Certificates and Degrees](#)

Degree Program Requirements

To learn what courses are required to complete a specific degree, you can check the requirements for the program at each institution.

[Search Degree Program Requirements](#)

Types of Programs

Students can earn a degree or certificate based on their academic and career goals. The academic requirements of the program, average time to complete and job opportunities for graduates are important factors to consider.

Certificates

- The **College Credit Certificate** is a series of college-credit courses that prepares students for entry-level employment in specific career fields or for career advancement.
- A **Career Certificate** is an educational certificate that specifically prepares an individual to work in a chosen field.

Find the college of your dreams.

LEARN ONLINE

Taking an online course or degree program allows you to learn on your own schedule.

Online Courses

Florida's online course catalog lets you search for online courses offered at colleges and universities across the state. Florida also makes it easy for students to take a course at another college or university without worrying if the credit is transferable. Under state policy, all state public institutions must accept credit for courses offered by another state public institution.

To register for an online course through the catalog, you must be enrolled in a state college or university. Once you find the course you want, click *Begin Registration* and complete the form. Your application will be sent automatically to your home institution and the institution offering the course. The institution offering the course will contact you to finalize registration.

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

- (1) At FSU, UF, and USF, ACGX071 will count toward the degree as elective credits for transfer students. However, it is recommended that native students take another non-accounting elective.
- (2) or demonstrated competency. At FAMU, MANX343 is an acceptable substitute for CGSX100.
- (3) At UCF, ECGX401 is an acceptable substitute for STAX023 and MACX233.
- + Limited Access.

COMMON PREREQUISITES MANUAL

The Common Prerequisites Manual is a helpful resource that lists which prerequisite courses are required for specific programs at every Florida public college and university. You must complete all required prerequisite courses to be admitted into a Bachelor's Degree program. You can easily search the prerequisites for the program you intend to take at the institution you are interested in attending. You can also do a side-by-side comparison of programs at different institutions, and so much more!

Find helpful information, view previous years manuals, and start planning for your future!

Q Access the Common Prerequisites Manual
 You can filter your search by institution, the specific program you are interested in studying, and compare the programs among other institutions.

SEARCH NOW

Previous Years Manuals
 If you are a transfer student in Florida planning to be admitted to an upper division program, you must meet the common prerequisite requirements listed when you initially enrolled. For example, if you enrolled in a community college in Fall 2019 and want to be admitted to an upper division program for Fall 2021, you must meet the prerequisites listed in the 2019-2020 Common Prerequisite Manual. Check with your academic advisor and institution, if you have questions about your effective year of prerequisites.
